The Cigar Divan

The Cigar Divan can be reserved for private events such as meetings for up to five guests, for lunch, afternoon tea or dinner.

Contact our Conference & Banqueting department for more information.

The Malachite

Malachite occurs naturally as a semiprecious stone which is frequently cut and polished into gemstones and figurines. It usually occurs in association with azurite, a blue stone. Large deposits are found in the Ural Mountains of the former USSR. It was used to make the columns of St Isaac's cathedral in St Petersburg.

The Malachite Bar is open everyday 4.30pm until late
